Adapter cone screw thread

Code: AL-325 GST: 18% Brand: AVAIN LABS

AVAIN LABS® Adapter cone screw thread

The AVAIN LABS® Adapter Cone Screw Thread is a practical laboratory accessory designed for secure and convenient connections in laboratory glassware and related setups. Its versatile design makes it suitable for use with a gas inner tube as well as for securing a thermometer during laboratory applications.

Designed for reliable fitting and easy handling, this adapter cone screw thread can be used in various laboratory apparatus configurations where a secure connection or component mounting is required.

Key Features

- Adapter cone with screw thread design
- Suitable for use with gas inner tube
- Suitable for securing thermometer
- Designed for convenient and secure laboratory connections
- Practical accessory for laboratory apparatus and equipment
- Easy to install and handle
- Suitable for laboratory, educational and research applications

Applications

The AVAIN LABS® Adapter Cone Screw Thread is suitable for laboratory setups requiring a secure connection for a gas inner tube or for mounting and securing a thermometer.

It can be used in school laboratories, college laboratories, university laboratories, research facilities, chemistry laboratories and general laboratory apparatus setups.

Why Choose AVAIN LABS® Adapter Cone Screw Thread?

The AVAIN LABS® Adapter Cone Screw Thread provides a simple and practical solution for laboratory apparatus connections. Its dual-purpose application makes it a useful accessory for laboratories that require gas tube connections and secure thermometer positioning.
