Adapter Cone with Glass Stopper – PTFE

Code: W-2762 GST: 18% Brand: AVAIN LABS

AVAIN LABS® Adapter Cone with Glass Stopper – PTFE

AVAIN LABS® Adapter Cone with Glass Stopper – PTFE is a laboratory glassware accessory designed for secure connection, transfer, and handling of liquids in various laboratory applications. It is suitable for chemical laboratories, research facilities, educational institutions, pharmaceutical laboratories, and scientific experiments.

The adapter is designed with a glass stopper and is available with glass stopcock and Teflon (PTFE) stopcock options, providing flexibility according to laboratory requirements.

Key Features

- Brand: AVAIN LABS®
- Product: Adapter Cone with Glass Stopper
- Material: PTFE / Teflon configuration
- Stopcock Options: Glass Stopcock or Teflon (PTFE) Stopcock
- Application: Laboratory liquid handling and glassware connections
- Suitable For: Laboratories, research institutes, educational institutions, pharmaceutical and chemical applications

Stopcock Options

The AVAIN LABS® Adapter Cone can be supplied with:

- Glass Stopcock – suitable for conventional laboratory glassware applications.
- Teflon (PTFE) Stopcock – offers a convenient low-friction stopcock option for laboratory liquid handling applications.

Applications

The Adapter Cone with Glass Stopper – PTFE is suitable for:

- Laboratory glassware assemblies
- Chemical laboratory experiments
- Liquid transfer applications
- Research and development laboratories
- Pharmaceutical laboratories
- Educational and college laboratories
- Scientific and analytical applications
- Laboratory apparatus connections

Why Choose AVAIN LABS® Adapter Cone?

The AVAIN LABS® Adapter Cone with Glass Stopper – PTFE provides a practical solution for laboratory setups requiring a stopper and controlled liquid flow. With Glass Stopcock and Teflon Stopcock options, the product can be selected according to specific laboratory requirements.

Order AVAIN LABS® Adapter Cone with Glass Stopper – PTFE for dependable laboratory glassware and liquid-handling applications.
